

SLAUGHTER HEMEROCALLIS  
Spring 1957

1957 Introductions

- GALA BONFIRE 36" Ev. M. Re. The 6" blossoms have wide, somewhat recurved segments and very large golden throat. Good substance, weather resistant, vigorous. \$ 7.50
- HELEN GRANADE 24" Ev. M. Re. Clear yellow 5" star shaped blossoms slightly recurved. Scapes well branched, good substance, sun resistant, open evenings. \$ 7.50
- HOT CHOCOLATE 30" Ev. M. Re. Chocolate colored 6" self, segments wide, somewhat twisted and curled. Good substance, sun resistant. Proliferates. \$15.00
- SKIP SLAUGHTER 30" Ev. M. Re. The 6" plum colored blossoms have deep plum eyes and green throats. Very heavy substance, weather resistant, open late in evenings. \$15.00

Previous Introductions

- BLOND BUTTERFLY 36" Ev. M. Re. Very pale yellow 5" blossoms, rounded petals are 2" wide. Sepals are narrow and twisted. Sun resistant. Scapes branched. Exotic. \$10.00
- BUDDY SLAUGHTER 20-22" Ev. M. Re. Flowers 4", light cinnamon, sepals and petals fluted and edged with pale yellow-tan. Good branching, sun-fast but is happier with a little shade. Proliferates. Quite different. \$ 3.50
- CARMEL 36" Ev. M. Re. Flowers 7" across. Petals are 2" wide, deep yellow overcast with pale tan and stand out boldly. Sepals are light yellow, recurved. Sunfast. \$7.50
- FRANCES WYNN 25" Ev. E.M.L. Flowers 6", petals brown, sepals yellow, all recurved gracefully. Open late in evenings. A little shade gives richer color. \$ 1.00
- JODY 24" Ev. M. Re. Deep wine-red blossoms with deeper eyes and green-yellow throat. Color of bloom richer in shade. Good border plant. \$ 1.00
- LUCILE. 36" Ev. M. Re. Pale yellow 5" blossoms, weather resistant, fragrant. Remains open late in the evenings. \$ 1.00
- MADGE VAUGHAN 37" Ev. M. Re. The 6" blossom is of heavy substance, with faint tan-pink halo on the yellow petals. Sepals are clear yellow. Sun resistant, open evenings. Grows well in the North or South. Vigorous. An extra fine daylily. \$10.00
- MARCIA 28" Ev. M. Re. Similar to MADGE VAUGHAN, one of its parents, but has shorter scapes, opens more flat, blooms two weeks later and has more pink dusted on the petals. Substance is not as heavy but it is sun resistant and long lasting. \$15.00
- MITCHEL 36" Ev. M. Re. This 4" daylily appears really black, and has deep green throat. It is completely sun resistant and remains open till midnight; vigorous. \$10.00
- NANCY SLAUGHTER 24" Ev. E.M.L. The color of the 6" blossoms vary with the seasons, from pale salmon pink to deep salmon rust. Segments are wide and overlapping. The blossoms are sunfast. This is a very beautiful hemerocallis, strong grower. \$15.00
- RUTH BAYLESS 28" Ev. M. Re. The 5" buff-yellow blossoms are generously diamond dusted. Open evenings. Sunfast. Does better in the South. \$ 1.00
- SUSAN WYNN 36" Ev. E, Winter, L. Clear yellow 4½" star shaped blossoms with petals pinched near the tips. Sunfast. In Mid-Florida blooms all winter after clump is established. In the North blooms very early in spring and very late in fall. \$ 1.00
- YELLOW DRAGONFLY 15-20" Ev. E.M.L. Height of scapes vary with the blooming season. Blossoms are clear yellow 6" spider with very pale spot half-way the petals. The substance is good and blossoms remain open late in evenings. Sunfast but should be grown in some shade for best results. The earliest bloom has six segments; subsequent blooms have large majority with from 8-10 segments. \$10.00

Parcel Post prepaid.
